Sir,

In forwarding the enclosed list of the names of those gentlemen who out of pure public spirit and disinterestedness helped to make inoculation popular during the outbreak of plague last year, I have the honor to solicit the favor of Government in the matter of recognising their help. I think certificates of merit similar to what were granted by the Honorable the British Resident in Mysore if awarded by the Mysore Government will go far in acting as an incentive to others in rendering inoculation against plague popular.

I have the honor to be,
